9PM REGISTRATION

GREEN YOUR BUSINESS, REDUCE YOUR COSTS AND MAKE YOUR BUSINESS MORE SUSTAINABLE

Businesses of all sizes can make significant cost savings by focusing on waste in their business. Every business creates unnecessary waste. This can often be due to complacency and bad habits.

This Seminar will explore the ways companies can reduce and eliminate waste in their business; including food waste, energy wastage and to water use reduction, though simple "no cost" and "low cost" means.

We have a host of speakers who have implemented waste reduction first hand. We hope you can join us for this morning seminar on Wednesday, 18th June.
